

How Zilliqa and GMEX ZERO13
WILL EMPOWER CONSUMERS
 to drive environmental sustainability

**CARBON
 OFFSET**
 BY GMEX ZERO13

The first of its kind

CARBON OFFSET PLATFORM

**to revolutionise
 the carbon credit market**

Through this innovative platform, users can channel these tokens towards funding specific carbon-credit offset initiatives, granting them direct influence over which environmental projects their offsets fund.

 **Shop** from brands partnered with Zilliqa

 **Earn** EVP tokens for sustainability

 **Support** ESG & carbon credit initiatives

Benefits to companies & institutions

By integrating with this new carbon offset platform, companies can bypass the opaque traditional carbon credit marketplace and give their consumers clear insight into where their environmental sustainability efforts are being focused.

-  More **transparency and integrity**
-  Earn customer **trust and loyalty**
-  Meaningful method of furthering **environmental sustainability**
